

We can't help you If we can't find you!

EVERY SECOND COUNTS DURING A FIRE, POLICE, OR MEDICAL EMERGENCY.

**Valuable time can be lost if your address is not clearly posted
where emergency responders can see it.**

To more quickly locate your home in an emergency, the Washington Township Fire Department is offering a 6" x 18" reflective sign that can clearly display your street address. These signs can be installed easily on a wood mailbox post and will allow your street address to be prominently displayed on *both* sides of the sign. These signs are for **Centerville and Washington Township residents only**. Call 433-3083 for additional order information.

It is suggested that signs be installed on mailbox post only. This will result in a uniform look throughout the community and will allow emergency personnel to better locate your address.

If you are installing your own sign, please make sure the bottom of the sign is at least one foot from the ground. This will provide for better visibility in the event of high grass, weeds, bushes, or snow. Vertical installation appears to be better for stability. Signs should be installed on the **BACK** of the mailbox post. This will make it more secure during snowplow operations and will guard it against drive-by vandalism.

Please cut along dotted line
